

Selected by CUO as the
BEST WHITE WINE
of SPAIN

VAQUOS

VERDEJO

The Consumers and Users Organization (CUO) is an private, independent and non profit association who was created in 1975. The association is aimed at promoting consumer interests and protecting their rights.

Since few years, it has edited an annual guide featuring the great wines of Spain. This guide is based on tastings carried out by prominent winemakers. Pinord are pleased to announce that the 2016 guide has included our white wine, Vaquos Verdejo and awarded it the distinction of Best White Wine in Spain. This accolade rewards our work in the winery as well as adding value to all wines made under the Rueda Designation of Origin (wine appellation) quality assurance mark.

Pinord will be adding this distinction to its long list of awards and accolades based on their continued efforts to produce high quality wines and cavas (sparkling wines) in Spain.
